ABOUT THE CONFERENCE:

The 55th Annual meeting of the Association for Tropical Biology and Conservation (ATBC) will be organized for the first time in Kuching, Sarawak, Malaysia. ATBC 2018 is expected to attract more than 700 of the world's leading natural scientists, resource managers, economists, policy makers, educators and students.

Kuching is a superb location for ATBC's return to tropical Asia. The capital of the Malaysian state of Sarawak, Kuching, is an extremely welcoming and pleasant town where ATBC delegates will enjoy - as Alfred Russell Wallace once did - the beauty of its riverfront, the vibrancy of its streets, and the excellence of the local cuisine. Sarawak, as the rest of Borneo and much of Southeast Asia, is home to a wide range of human cultures and to some of the most biodiverse forests in the world.

SPONSORSHIP BENEFITS

ATBC 2018 is an excellent opportunity to increase awareness of your organisation, demonstrate your involvement in the industry, promote your products and services, support your brand, and to maintain a high profile within the field; before, during and after the event.

Your partnership is important because sponsorship funding:

- Contributes to the marketing, planning and operation of the conference.
- Ensures people from developing countries have a greater opportunity to attend as we can contribute towards the costs of their travel and accommodation.
- Promotes research and education into tropical biology and conservation.

Your organisation will profit by supporting ATBC 2018 because you acquire:

- A unique opportunity to partner your brand with ATBC 2018 and the Association for Tropical Biology and Conservation, the largest global organisation committed to the wise use of tropical forests.
- Exposure to an interested, relevant and influential audience in an informal yet informative environment away from the competition of everyday distractions. Your representatives can do business while networking in the one place with professionals and experts from around the world.
- The opportunity to demonstrate your organisation's positive environmental and social values which will in turn be widely acknowledged.
- The opportunity to align your organisation with this powerful educational experience by demonstrating a commitment to assisting the participants, so reaching them at a deep, personal level.
